DUAL80® RATCHETING END PROVIDES GREAT TURNING STRENGTH IN THE TIGHTEST OF QUARTERS !

## THE ABSOLUTE ULTIMATE !

### 10 pc Metric Flank Drive® Plus Reversible Ratcheting Combination Wrench Set (10-19 mm)

SOXRRM710

3300:-

- Patented, ratcheting mechanism utilizes Snap-on Dual 80® Technology, combining dual-pawls with a thin-walled, box-end design, for smooth operation and more torque transfer in less lateral space
- Flank-Drive® gear features an 80-tooth profile and is cold formed from the same steel as Snap-on sockets, delivering up to 40% more cycle life and strength equivalent to traditional combination wrenches
- Flank-Drive®Plus wrenching profile on open end, “bites” into the fastener, preventing slipping and rounding of the fasteners, while providing up to 62% more turning power and strength
- Manufactured from special alloy steel, precision forged, heat treated, and nickel-chrome finish for optimum strength and durability
- Longer-length, wrench handle is sized for optimum comfort and balance, and provides increased leverage, especially in tight spaces
- Handle is offset 15° from box-end for maximum knuckle clearance and increased access in any space
